PUBLIC HEARING:

**Amended Development Plan submitted by Michael Ax of Fred Weber Reinforced Concrete Products, Inc. to allow the demolition of an existing structure and placement of a temporary office at 12950 Gravois Road.**

Mr. Mike Ax, representative with Fred Weber, stated the company would like to place a temporary office (modular/trailer) after the demolition of the existing structure. Future plans will be construction of a permanent office building.

Alderman Baebler asked how long this temporary structure will be on this site. Mr. Ax stated approximately 5 years. Question was asked if this structure was a new trailer. Mr. Ax responded it's a complex not a single trailer; it has multiple units

connected together. Question was raised regarding the condition of the modular; Mr. Ax stated he would not accept a ragged looking one.

Alderman Gau addressed a question to Mr. Baker regarding if the city would have an issue with the timeframe of 5 years for this temporary structure. Mr. Baker stated he is justifying why he wants the structure now. An alderman commented so the plant is shuttered and time is needed to re-build. Mr. Ax replied yes.

**PUBLIC HEARING: The Board will consider an amendment to Appendix B  
Section 10.5 Non-conforming situations; damage or

**Old Business**

**Bill No. 5 – An ordinance granting a Conditional Use Permit to Stephen Saladin, to construct and operate a drive-thru restaurant at 3751 South Lindbergh. READ TWICE THEN HELD OVER**

Mr. Stan Wallach, attorney, representing the residents on Sunset Chase, stated that the residents are opposed to this Conditional Use Permit. The residents did meet with the developer as requested and the result was deadlocked. The residents' biggest concern is the drive thru speaker and feels this issue is inconsistent with the neighborhood and adjoining properties. Mr. Wallach stated that the residents ask that the board votes this down.

Mr. Mike Courtois stated this is a poorly developed plan. He reviewed several newer Jimmy John's and stated none of them are in any residential neighborhood. They are usually found in strip malls. Mr. Courtois hopes the board reconsiders.

Ms. Anne McMunn stated the residents of Sunset Chase have a facebook page and she would like to read a comment from a posting. A visitor to this area stated she gave up trying to make a left turn on to Lindbergh at 3pm in the afternoon. Ms. McMunn stated that the visitor ended up turning around in the police station and then making the left turn at the light. The visitor stated she was glad she did not have to deal with this traffic on a daily basis.

Alderman Gau stated they did meet with the residents and the developer. The four major issues discussed were the drive thru, the buffer (fence, increasing the buffer), the parking (reduce the number of parking spaces) and the entrance only having one in and one out lane.

Alderman Gau made a motion to vote on this Bill #5 as presented in the plan and motion was seconded by Mark Colombo.

Mr. Saladin requested to speak to clarify some statements, the drive thru is located on the side of the building and not at the back of the property line. Mr. Saladin clarified the statement regarding Jimmy John's locations. The question is how close the homes are to major roadways or commercial zoned properties. He stated that residential properties were developed a greater distance away from major roadways which is where the majority of commercial development is found on the whole.

Mr. Saladin commented that along Lindbergh there is a sit down restaurant with a liquor license, other sit down restaurants, drive-thru dry cleaners, and a drive thru bank, all of which require a conditional use permit. These businesses adjoined the Sunset Chase subdivision in some matter.

Mayor Fribis asked for a roll call vote

Alderman Bershe asked if the City has heard anything on the ruling from the Attorney General. Attorney Jones stated he has not seen anything and this could take months. Alderman Gau inquired what exactly is the intent of this legislation. He asked why the board cannot make a decision on this. Alderman Bersche stated the board doesn't need to rush this.

Mayor Fribis stated this will carry over to the work session. Mayor Fribis has invited the Mayor of Crestwood for his thoughts on how their city is dealing with this matter.

 **Bill No. 12 – An ordinance providing for the approval of a subdivision plat for a lot split of the property at 13 Roosevelt Drive as provided in Appendix A, section 4 of the code of ordinances of the City of Sunset Hills, Missouri. READ TWICE THEN HELD OVER.**

Alderman Kostial read Bill No. 12.

Mr. Nathan Wilber of 24 Black Oak Dr. stated he received a letter from St. Louis County Historical Buildings Commission regarding the preservation of this home.

Mr. Charlie Scarlett of 11 Roosevelt Dr. which is next door to the property on Roosevelt stated he received a letter from the Thias' family and would like to clarify some of the issues. Mr. Scarlett stated that he has not taken down any live trees, only dead ones and not any from the Thias property. Regarding the trespassing issue; he stated we have always been invited and welcomed. This lot split will affect the loss of privacy, shade, and view of the forest. Mr. Scarlett asked that this proposal be rejected and it's sad the city does not have a protection policy on historical sites.

Mr. Eric Thias stated he is opposed to this land split and demolition of the home.

Ms. Megan Gauthier of 14 Roosevelt Dr. stated she is opposed to both aspects of this land split.

Ms. Lori Scarlett of 11 Roosevelt Dr. stated she is asking this lot split be turned down. Ms. Scarlett has concerns regarding the oil tank leak. She also clarified some statements presented in the letter from Thias' family.

Mr. Don Elvig of 11 Roosevelt Dr. gave some analogies on things that can be fixed and things that can't be fixed. He stated even some decisions that are made may be a mistake and can't be fixed. Mr. Elvig stated people moved into this area because of the unique qualities, spaciousness and the ecological beauty. Mr. Elvig stated please do not pass this plan.

Mr. Dennis Kohut of 12403 Robyn Road stated he has witnessed several trucks up and down the street and at the end of Roosevelt Dr. it looks like a massive eye sore. Please vote on this thoughtfully.

Ms. Nancy Thias of 1660 Ivy Chase Lane, Fenton, MO stated she has concerns about the septic tank from the Scarlett's property leaking on her property.

Ms. Linda Sachs questioned how do residents of the neighborhood dictate on what a homeowner should do with their property. Ms. Sachs is in favor of the lot split.

Mr. Gary Ploesser, surveyor with St. Louis County Surveyors, stated the planning and zoning committee approved the lot split and demolition of the home. The family has met all requirements and in regards to the trees, the family will save as many as possible. He stated the house will be removed.

Alderman Krueger had a question about the septic tanks, the usage and what is required. Mr. Ploesser said he contacted a septic tank company and the septic system will be a state of the art system. He also stated there will be two septic tanks, one on each lot.

Alderman Gau asked why the lots were not split into one acre lots. Mr. Ploesser stated this is what Ms. Thias wanted, but that the lot could be equally split. Alderman Gau commented that the septic tank company has not done any soil analysis for the individual parcels. Mr. Ploesser answered it would be approved through St. Louis County. Alderman Gau stated that the letter submitted regarding the septic system stated the existing property and repair of the existing system. Alderman Gau stated if the lot split is approved and then the septic is not permitted on the smaller lot; then what; and what if a variance is needed. Ms. Thias stated she was told it would fit.

Alderman Krueger asked Ms. Thias if she is aware of the maintenance agreements with the St. Louis County, and she answered yes. Alderman Gau directed a question regarding making a condition regarding the septic. Mr. Jones stated the ordinance already states that no variances will be given.

Mr. Baker stated that if the lot split is approved, and if the septic system is within the setback lines, which would require a variance, they still would need to petition for a variance. Mr. Jones stated a full subdivision approval is needed for a variance. He stated until this is approved and there is a building permit in place, the city would not know if the septic system would fit. Mr. Jones stated however a boundary adjustment could be approved.

Mr. Baker reiterated the house is in major disarray and the property owner stated the house would be torn down.

Alderman Bersche made a motion to approve and seconded by Alderman Price.

**Roll Call Vote:**

**Yes:** Mark Colombo, Thompson Price.

**No:** Dee Baebler, Keith Kostial, Kurt Krueger, Rich Gau, Steve Bersche, Tom Musich.

Mr. Gerald Brown explained that at the recent car cruise held in Sunset Hills, the operator of this band wagon stated it was for sale. The cost is \$9500.00. Mr. Brown stated the funds would come from the capital budget. Mr. Brown feels this would be a great amenity for the City to use for band concerts, award ceremonies, triathlons, 5K and day camp, etc. He also stated this could be rented to other municipalities to help recoup costs. He stated it needs a little sprucing up and not a lot of maintenance is required.

Alderman Gau asked where this band stand would be stored. Mr. Brown answered by the park maintenance facility down by the pool under the covered shelter. Alderman Colombo asked how often it would be used in a year's time. Mr. Brown stated two or three times.

Alderman Gau had some concerns regarding spending \$10,000. Other city departments could put this money to better use, and the band wagon was not projected in the five year capital plan. A suggestion was made to possibly do concerts in the park like other municipalities do, get a couple of food trucks and move around to the different parks in the city. Mr. Brown said the park staff would maintain the wagon. A question was raised on how much a new one would cost, Mr. Brown replied \$125,000 to \$150,000. Alderman Krueger asked how old this one is. Mr. Brown replied approximately 18-20 years old.

Alderman Gau asked Mr. Brown if his department needed to spend \$10,000 would this be a high priority. Mr. Brown stated no. Alderman Colombo stated he feels this wagon would be a good asset for the city.

It's behind schedule and hopefully is finished by the end of the year. Mr. Baker stated this is the same company who did the Kennerly road project and they did a good job on Kennerly. It's under budget, and would like it approved.

Motion to approve Resolution #393 made by Alderman Krueger and seconded by Alderman Price and motion was unanimously approved.

### **Presentation from HR Sheevam regarding Days Inn site**

 Mr. Sheevam, owner of the Days Inn, stated he would like to redevelop this site. Mr. Sheevam referred to the overhead projector showing the first phase of the re-development and comparing it to the aerial view of the site as it stands now. The development plan shows the parking lot and green space, buffering allowed by the city. He also presented pictures of the new lobby entrance and breakfast area.

Mr. Sheevam stated he has been guaranteed funds for this redevelopment which expires in December and would like to have this closed before then.

Alderman Gau inquired about the noise level coming from Helen Fitzgerald's next door. The first floor will be the breakfast area and meeting rooms. Mr. Sheevam stated he is relying on the engineers to sound proof the 2nd-4th floors. Mayor Fribis asked how many rooms are in the new building. Mr. Sheevam answered 70 rooms. Both motels would be run at the same time. The Days Inn will be demolished by 2018-2019, and will either incorporate a new retail area or another new hotel.

Alderman Baebler asked about the other hotel brands and their height limits. Mr. Sheevam explained some won't consider a building under 6 stories or less than 50 feet. Mr. Sheevam stated Sunset Hills needs a higher end hotel. A discussion ensued regarding different brands and future new brands being developed.

### **Discussion of overlay districts/zoning code re-writes**

 Mr. Sterman addressed and answered some questions regarding overlay districts and the re-write of the zoning codes. Mr. Jones distributed two handouts, one from the City of Ballwin regarding their overlay district regulations. Mr. Jones clarified that an overlay district is not a separate zoning designation. Mr. Jones defined several topics from both handouts.

 **Review of the Public Works Committee-** Mayor Fribis stated that at each work session a committee will be reviewed to insure that the rules of the City ordinances are being followed. Mr. Jones referred to the board packet, and explained four areas of this handout. Mayor Fribis stated that one alderman from each ward is represented on the public works committee. Mr. Baker stated everything required in the ordinance is being followed and going in the right direction. Mayor Fribis stated next month will be the Police Advisory Board.

 **Discussion of motel heights-** Mr. Baker recapped some of the districts height requirements. Mr. Baker stated the city has the tools to get to the heights of some of these hotels. Mr. Baker stated some issues would be how close the hotel would be to a residential area. Hotel owners like a smaller foot print so that they may go higher.

Mr. Jones stated there is draft of an ordinance to change the height in the PD-BC district in your packet which has not yet been adopted. Mr. Jones stated he could have this ready for the September meeting. Mr. Baker stated this is only for the PD-BC district where the Holiday Inn is located.

Alderman Krueger asked if set backs were being increased. Mr. Baker replied no. Alderman Krueger asked if Days Inn would do a higher building at the back side of the property would there be two changes to the code. Mr. Baker said depends on how high the building would be.

 **Discussion of parking ordinances for commercial developments-** Mr. Sterman explained this issue was brought up regarding the proposed Jimmy John's plan and eliminating some parking spaces to increase buffering. Mr. Sterman stated if parking spaces were removed Mr. Saladin would be out of compliance with our codes as they are currently written.

Mr. Baker explained how parking spaces are calculated and the minimum amount of spaces Mr. Saladin would definitely need to have for each business he is proposing. The loading space is much higher than other cities around us. Other cities have one we have four, this could be adjusted down to one or two. Alderman Baebler asked how we are compared to other municipalities regarding parking. Mr. Baker stated we are over parked especially in retail. When the code gets re-done this will be something that will be addressed. The codes will be changed city wide, and not just for an individual business.

**Discussion on video conferencing bill-** Mayor Fribis asked for any comments. Mayor Fribis stated she contacted Crestwood and received information on their video conferencing and will email the information to the board.

 **Discussion on flood buyout properties-** Mr. Baker stated there are three properties deemed damaged and the property cannot be improved without demolishing the property. One home is still eligible for a severe repetitive loss plan so if this grant is awarded then the City would own this property. A question was asked if the other two do not receive the grant what happens to the property. Mr. Baker stated the homeowners would have to improve the property or have it demolished. Mr. Baker stated there is help available for these owners to have their homes demolished.

**Discussion of Mellow Mushroom/Chrisann Lane –** Mr. Sterman stated some issues have been raised since they opened and hopefully can be resolved properly before their permanent occupancy permit is granted. The first is the condition of the street being returned to the original condition prior to construction. The owners were present at the last board meeting, and stated they have spent \$2500.00 to have the road fixed. Mr. Baker stated the road looks as good as it was when construction started.

Mr. Jones read the conditions and stated the owners have met their obligation. A discussion among the aldermen on what the road looks like now, and some aldermen would like more repairs.

Mr. Sterman also addressed the refrigerated trailer parked onsite. Mr. Sterman explained that their business has been very good and that they are requesting this trailer to stay until Aug. 31. Mr. Baker stated the permit can be extended an additional 45 days if needed.

Alderman Baebler asked if there is any proof the whole \$2500.00 has been spent on road improvements. Mr. Sterman stated that proof is available. Alderman Gau stated there are still a couple of potholes that need to be fixed.

Mr. Vienhage and Mr. Burke, owners of Mellow Mushroom were present and stated the construction companies were instructed not to use Chrisann, but it happened anyway. Mr. Burke stated \$2500.00 was used to put the road back to its original condition prior to construction. Mr. Burke stated he has receipts and the pot holes have been fixed and there may be a few more, but the road is old. However, we never agreed to put in a new road and we have met our obligation and Mr. Vienhage also agreed. Alderman Baebler thanked them for handling the neighbors in a nice manner.

## **General Discussion**

### **Appointment**

- a). Tom Powers-Planning and Zoning Committee-replacing Dan Werner.

Motion was made by Alderman Musich and seconded by Dee Baebler and unanimously approved.

## Deer Committee

Motion was made Alderman Gau and seconded by Alderman Bersche to disband the Deer Committee and was unanimously approved.

## Discussion of tornado property

Alderman Gau spoke about a recent conceptual plan on homes for the corner lot of Court Drive and thought this was an interesting concept to keep it residential. He stated he has heard some comments that the city does not need another bank and to keep this area residential. A discussion ensued regarding getting residents' feedback and possibly having an open forum with the aldermen to discuss this plan. Alderman Baebler stated the residents prefer single standing homes and not villas or attached homes.

Mayor Fribis asked if a public hearing could be held to hear the residents' comments, developers could answer questions and drawings could be displayed. Mr. Baker said an open house would allow the developers to show their plans and answer questions. A discussion was held on when this public meeting will take place, meeting place and getting the word out.

## Jimmy Johns Development

Alderman Krueger asked what status the Jimmy John's development is in. Mayor Fribis said he didn't pass; Mr. Saladin could not get rid of 9 parking spaces. Mayor Fribis stated the developer could re-submit a new development. Mr. Sterman stated the code amendments that would be needed the process of approval. Mr. Sterman said the board might want to consider preparing these amendments and bringing them for consideration.

Alderman Krueger stated he felt the board might have been misled regarding the volume coming from the speakers. He drove by two Jimmy John's in residential areas and observed the drive thru; I also videotaped it and could not hear if any noise. I stood behind a vinyl fence less than 75 feet from the speaker and could not hear it from Chippewa. He feels this is a non-issue, especially since they met all of the conditions.

Another alderman stated he also went to a Jimmy John's and didn't think the speaker was an issue.

Mr. Jones stated the city could reconstitute the city's planning and zoning commission to a statutory planning and zoning commission so that the Mayor and an aldermanic representative serves on. That allows having two representatives on the

planning and zoning commission that participates in the discussion and makes the board's view point made known earlier in the process.

Mayor Fribis stated from what she is hearing is the aldermen will do this and do that to allow this, but the issue is does the city want a Jimmy John's on Lindbergh with a drive thru. Alderman Bersche said I thought it was a compromise with the neighbors to see what they want. Alderman Gau stated at the meeting with the residents there was no compromise on the drive thru or traffic. Alderman Bersche stated something will be on Lindbergh and Jimmy John's does not create the volume of traffic like the other drive thru restaurants do.

Alderman Kostial referenced a Starbucks issue in DesPeres where the owner went to St. Louis County Circuit Court to issue the permit in order for the Starbucks to locate there. Mr. Jones stated it's a different set of zoning circumstances. Mayor Fribis stated some communities do not allow drive thru restaurants.

Alderman Bersche stated what this board can do to move this along. Alderman Baebler stated this was voted down and the developer needs to submit a new plan.

Alderman Price stated he would like communication, emails, any input, inquiries be directed to the City Administrator instead of the Board. Alderman Gau stated Mr. Sterman has been doing a good job communicating with all of the aldermen.

### **Adjournment**

A motion to adjourn was made by Alderman Price and seconded by Alderman Baebler and was unanimously approved. The meeting adjourned at 8:48 pm.

Re: Request for fireworks display permit

Gentlemen:

We are requesting permission to conduct a fireworks display on our property for Father's Day June 18<sup>th</sup> 2017. This display will be purchased, choreographed, set up and operated by licensed professionals. We will also apply for permits with the Fire Department and the Fire Marshall will inspect the areas prior to event and most likely will remain on site during the display.

The reason we are making this application at this time is that we usually purchase the fireworks display around 9 months ahead of time to secure our vendor and his display team. The display is anticipated to last approximately ten minutes.

Thank you for your consideration of this request and could you please let me know if I need complete any other additional request or provide more information.

Respectfully

Dear Mayor Patricia A. Fribis and Sunset Hills Board Of Alderman,

My name is Jeff Hartman and I am the Operations Manager at Bed Bath and Beyond in Sunset Hills. I am writing to request permission for a storage container to be placed behind our building for the months of Oct, Nov and Dec. Our levels of inventory increase extensively during the holidays season and during these months we are unable to store it all inside the building. I am also sending a copy of a map showing the placement of the unit if we are granted the permission.

We appreciate the consideration and the Board of Alderman's time.

1ST READING 6-14-16

ORDINANCE NO. \_\_\_\_\_ 2ND READING 7-12-16

**AN ORDINANCE REGARDING OPEN MEETINGS AND RECORDS POLICY**

WHEREAS, the Board of Aldermen ("Board") of the City of Sunset Hills, State of Missouri ("City") finds and declares that there is reason to believe that it needs to amend the Ordinance regarding open meetings and records policy;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF SUNSET HILLS, ST. LOUIS COUNTY, MISSOURI, AS FOLLOWS:

Section 1. Article II, Division 2 of the Code of Ordinances shall be amended by adding new Sections 2-34 and 2-35 as follows:

Sec. 2-34. Journal of Minutes and Record of Voting.

A journal or minutes of open and closed meetings shall be taken and retained by the public governmental body, including but not limited to a record of any votes taken at such meetings. The minutes shall include the date, time, place, members present, members absent and a record of any votes taken. When a roll call vote is taken, the minutes shall attribute each "yea" and "nay" or abstinence if not voting to the name of the individual member of the public governmental body. Any votes taken during a closed meeting shall be taken by roll call. All public meetings shall be open to the public and public votes and public records shall be open to the public for inspection and duplication. Except as otherwise provided in Section 2-35, all votes taken by roll call in meetings of the Board shall be cast by members of the Board who are physically present and in attendance at the meeting. When it is necessary to take votes by roll call in a meeting of the Board, due to an emergency of the public body, with a quorum of the members physically present and in attendance and less than a quorum of the members participating via telephone, facsimile, Internet, or any other voice or electronic means other than video conference pursuant to Section 2-35, the nature of the emergency of the public body justifying that departure from the normal requirements shall be stated in the minutes. Where such emergency exists, the votes taken shall be regarded as if all members were physically present and in attendance at the meeting.

Sec. 2-35.

A. *Policy Statement.* While it is legally permissible for members of the City's public governmental bodies to attend meetings and vote via videoconference transmission, a member's use of videoconference attendance should occur only sparingly. Because it is good public policy for citizens to have the opportunity to meet with their elected officials face to face, elected members of a public governmental body should endeavor to be physically present at all meetings. The primary purpose of attendance by videoconference connection should be to accommodate the public governmental body as a whole to allow meetings to occur when circumstances would otherwise prevent the physical attendance of a quorum of the body's

members. A secondary purpose of attendance by videoconference should be to ensure that all members may participate in business of the public governmental body that is emergency or highly important in nature and arose quickly so as to make attendance at a regular meeting practically impossible. Except in emergency situations, all reasonable efforts should be expended to ensure that a quorum of the members of the public governmental body be physically present at the normal meeting place of the body.

B. *Videoconference Defined.* For purposes of this Section, "videoconference" or "videoconferencing" shall refer to a means of communication where at least one (1) member of a public governmental body participates in the public meeting via an electronic connection made up of three (3) components: (1) a live video transmission of the member of the public governmental body not in physical attendance; (2) a live audio transmission allowing the member of the public governmental body not in physical attendance to be heard by those in physical attendance; and (3) a live audio transmission allowing the member of the public governmental body not in physical attendance to hear those in physical attendance at a meeting. If at any time during a meeting one (1) or more of the elements of a videoconference becomes compromised (e.g., if any participants are unable to see, hear, or fully communicate), then the videoconference participant is deemed absent, and this absence should be reflected in the minutes.

C. *Frequency of Use of Videoconference Attendance.* Unless otherwise approved by the members in physical attendance at a meeting, a member of a public governmental body shall not attend more than three (3) meetings via videoconference in a rolling twelve-month period. Attendance via videoconference should only occur sparingly and for good cause. Such good cause shall include reasons such as serious illness or injury of the member or a member of his or her immediate family, including father or mother, spouse, sibling, child, or grandchild.

D. *Physical Location.* The City shall provide at the posted physical meeting location communication equipment consisting of an audio and visual display, and a camera and microphone so that the member(s) participating via videoconferencing, the members of the public governmental body in physical attendance, and the public in physical attendance may actively participate in the meeting in accordance with rules of meeting decorum. The communication equipment at the physical location of the meeting should allow for all meeting attendees to see, hear, and fully communicate with the videoconferencing participant.

E. *Voting.* Members of a public governmental body attending a public meeting of that body via videoconference are deemed present for purposes of participating in a roll call vote to the same effect as elected members of a public governmental body in physical attendance at a public meeting of that governmental body are deemed present. If any component of the videoconference communication fails during the meeting, the member attending the meeting by videoconference whose connection failed shall be deemed absent immediately upon such failure. If the public governmental body was in the act of voting, the voting shall stop until all of the components of videoconference attendance are again restored and the videoconference participant's presence is again noted in the minutes, or the member is determined to be absent.

F. *Closed Meetings.* In a meeting where a member of a public governmental body is participating via videoconferencing and the meeting goes into a closed session, all provisions of Missouri law and City ordinances relating to closed sessions apply. Upon the public governmental body's vote to close the meeting, all members of the general public shall not be present. Likewise, a member of a public governmental body participating via videoconferencing must ensure there are no members of the public present at his or her location to see, hear, or otherwise communicate during the closed session. The member must also take all reasonable precautions to guard against interception of communication by others.

G. *Minutes.* In any open or in closed session, the minutes taken should reflect the member, if any, participating via videoconference, the members in physical attendance, and members, if any, absent.

H. *Emergency Meetings and Quorum.* In addition to the provisions of Section 2-34, in the event that emergency circumstances prevent the members of a public governmental body to physically attend, the body may meet and vote by videoconference without the requirement that a quorum be physically present in the same place. Examples of such emergency circumstances include, but are not limited to, war, riot, terrorism, widespread fire, or natural disaster such as earthquake, tornado, hurricane, flood or blizzard. To the extent reasonably possible in such circumstances, the public governmental body shall use reasonable efforts to cause a physical location to be provided for public attendance and participation. The nature of the emergency shall be recorded in the minutes. If no emergency exists, a quorum of the public governmental body shall be physically present at the physical location for which notice of a meeting is provided.

Section 2. This Ordinance shall be in full force and effect from and after its passage by the Board and approval by the Mayor. Any ordinances inconsistent with this Ordinance are hereby repealed.

DEPUTY CITY CLERK

Fellow City Officials,

As the regime pushes forward with their agenda, with regards to videoconferencing, please see attached and keep in mind the following: Governor Nixon's veto of the proposed amendment to section 610.015 (voting via videoconferencing) was based on his concern "no limit is placed on the number of meetings a member could attend by videoconference. Nothing in the legislation would prevent officials from attending every meeting by videoconference."

The Missouri legislature nevertheless overrode the Governor's veto. As it stands, as a matter of state law, officials can vote via videoconferencing WITHOUT LIMITATION. You cannot prohibit voting by videoconferencing. Imposing frequency limits is prohibiting voting by videoconferencing.

The Missouri Municipal League's "sample" language captures the Governor's concern by inserting frequency limits. However, it does not take a lawyer to see that such frequency limits are in contravention to state law. Frequency limits are an attempt to re-write the law and should be rejected. If limitations are to be imposed, that is the job of the Missouri legislature. Imposing limitations specifically rejected by the state legislature is beyond the authority of Sunset Hills and certainly beyond the scope the Missouri Municipal League.

But Richmond Heights did it, so why can't we? Just because someone else does something without thought does not make it right. St. Louis County's "minimum police standards" ordinance is a good, recent example of legislative over-reaching by local government in "trying to do the right thing." The County thought minimum police standards was a good idea (it is) and would benefit the County (it would), but the County tried to exercise authority in contravention to state law. Here, like Governor Nixon, the majority of the Board of Aldermen apparently think frequency limitations are a good idea and would benefit the City. Even so, the Missouri legislature has specifically addressed this issue. If challenged, a videoconferencing ordinance with frequency limitations would be found in contravention to state law.

What is the limit on potential abuse or what would "prevent officials from attending every meeting by videoconference"? As Governor Nixon notes, "Nothing in this legislation..." We live in a democracy and you guys are "elected" officials. Dare I state the obvious: The practical "limit" is called an election.

Kind regards,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 170 entitled:

AN ACT

To repeal section 610.015, RSMo, and to enact in lieu thereof one new section relating to the participation by members of public governmental bodies in roll call votes.

I disapprove of Senate Bill No. 170. My reasons for disapproval are as follows:

Under current law, public governmental bodies comprised entirely of elected members must physically attend meetings in order to cast a vote on matters under consideration. Members may participate in the meetings "via phone, facsimile, Internet, or any other voice or electronic means" but they may not cast any votes unless the meeting is called due to an emergency. Existing law emphasizes the duty appropriately imposed on elected officials to physically attend meetings and should not be changed.

Senate Bill No. 170, the stated purpose of which is to increase the opportunity for full participation by elected officials through videoconferencing, does not include any safeguards to protect against abuses that would have the opposite result. Under the bill, any member of an elected governmental body may participate and vote in public meetings via videoconference without demonstrating good cause for doing so. While it may be understandable to provide this tool to accommodate the occasional scheduling conflict, no limit is placed on the number of meetings a member could attend by videoconference. Nothing in this legislation would prevent officials from attending every meeting via videoconference. In fact, the bill would not prohibit every member of an elected board from attending all meetings via videoconference.

The statutory requirement that members of elected boards be physically present to vote represents the paramount responsibility they have been entrusted with by the voters. This provides assurances that our elected officials are, at a minimum, approachable and available to their constituents at public meetings. It also ensures their active engagement in the topics at hand

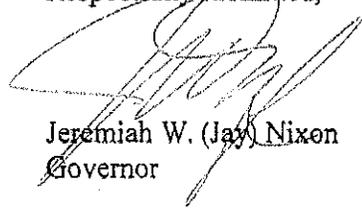

and provides an environment for open interaction and dialogue with colleagues, staff and the public in order to develop compromise and navigate difficult decisions.

Technology has bridged geographical gaps connecting citizens from all corners of our state to accomplish great work. But for local governmental bodies, the distances are quite short and easily navigated. Local government is designed to provide citizen representation that is close to home and readily accountable to its residents. Allowing attendance through videoconferencing places unnecessary and unwarranted 'virtual' distance between voters and their elected officials. Residents wishing to speak and interact with their elected officials would be forced to do so using video screens and broadband wires.

Serving in elected public office is a privilege and attending regularly scheduled public meetings is an important component of that service. Allowing elected members to join every public meeting by videoconference is not an acceptable proxy for responsible governance. Requiring elected members to be physically present is a small and reasonable obligation placed on office holders. Removing that requirement erodes this very basic level of engagement we must expect from our officials.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 170 without my approval.

Respectfully submitted,

Jeremiah W. (Jay) Nixon

Dear Attorney General Koster,

This letter is my formal request for an opinion of the law in my role as a representative of constituents who live within the boundaries of the 15<sup>th</sup> senatorial district.

My constituent, Keith Kostial, who currently serves as an alderman in a statutory fourth class city within my district, is seeking to clarify the legal right to attend and vote via video conference on any aldermanic and other governmental meetings that he is required to attend in his role as alderman.

Specifically, my request is to answer the question, "Whereas, 610.015, RSMo allows roll call votes to be cast by elected members of a public governmental body who are attending by video conferencing, with no limit upon the number of meetings that may be attended or votes that may be taken by video conferencing, and may a fourth class city enact an ordinance limiting the number of meetings an alderman may attend by video conferencing, and may a fourth class city enact an ordinance limiting the number of meetings an alderman may attend by video conferencing to a three in a 12-month period?"

I have attached background information on this request for your review.

Please let me know if you have any further questions, and what the timeline is in answering this request.

Thank you.

Yours truly,

BILL NO. 10

ORDINANCE NO. \_\_\_\_\_

**AN ORDINANCE REGARDING OPEN MEETINGS AND RECORDS POLICY**

WHEREAS, the Board of Aldermen ("Board") of the City of Sunset Hills, State of Missouri ("City") finds and declares that there is reason to believe that it needs to amend the Ordinance regarding open meetings and records policy;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF SUNSET HILLS, ST. LOUIS COUNTY, MISSOURI, AS FOLLOWS:

Section 1. Article II, Division 2 of the Code of Ordinances shall be amended by adding new Sections 2-34 and 2-35 as follows:

Sec. 2-34. Journal of Minutes and Record of Voting.

A journal or minutes of open and closed meetings shall be taken and retained by the public governmental body, including but not limited to a record of any votes taken at such meetings. The minutes shall include the date, time, place, members present, members absent and a record of any votes taken. When a roll call vote is taken, the minutes shall attribute each "yea" and "nay" or abstinence if not voting to the name of the individual member of the public governmental body. Any votes taken during a closed meeting shall be taken by roll call. All public meetings shall be open to the public and public votes and public records shall be open to the public for inspection and duplication. Except as otherwise provided in Section 2-35, all votes taken by roll call in meetings of the Board shall be cast by members of the Board who are physically present and in attendance at the meeting. When it is necessary to take votes by roll call in a meeting of the Board, due to an emergency of the public body, with a quorum of the members physically present and in attendance and less than a quorum of the members participating via telephone, facsimile, Internet, or any other voice or electronic means other than video conference pursuant to Section 2-35, the nature of the emergency of the public body justifying that departure from the normal requirements shall be stated in the minutes. Where such emergency exists, the votes taken shall be regarded as if all members were physically present and in attendance at the meeting.

Sec. 2-35.

A. *Policy Statement.* While it is legally permissible for members of the City's public governmental bodies to attend meetings and vote via videoconference transmission, a member's use of videoconference attendance should occur only sparingly. Because it is good public policy for citizens to have the opportunity to meet with their elected officials face to face, elected members of a public governmental body should endeavor to be physically present at all meetings. The primary purpose of attendance by videoconference connection should be to accommodate the public governmental body as a whole to allow meetings to occur when circumstances would otherwise prevent the physical attendance of a quorum of the body's

members. A secondary purpose of attendance by videoconference should be to ensure that all members may participate in business of the public governmental body that is emergency or highly important in nature and arose quickly so as to make attendance at a regular meeting practically impossible. Except in emergency situations, all reasonable efforts should be expended to ensure that a quorum of the members of the public governmental body be physically present at the normal meeting place of the body. Except in emergency situations, all reasonable efforts should be made by a member to inform the Mayor and City Administrator at least two working days prior to the meeting of the member's intent to attend by videoconference connection.

B. *Videoconference Defined.* For purposes of this Section, "videoconference" or "videoconferencing" shall refer to a means of communication where at least one (1) member of a public governmental body participates in the public meeting via an electronic connection made up of three (3) components: (1) a live video transmission of the member of the public governmental body not in physical attendance; (2) a live audio transmission allowing the member of the public governmental body not in physical attendance to be heard by those in physical attendance; and (3) a live audio transmission allowing the member of the public governmental body not in physical attendance to hear those in physical attendance at a meeting. If at any time during a meeting one (1) or more of the elements of a videoconference becomes compromised (e.g., if any participants are unable to see, hear, or fully communicate), then the videoconference participant is deemed absent, and this absence should be reflected in the minutes.

C. *Frequency of Use of Videoconference Attendance.* Unless otherwise approved by the members in physical attendance at a meeting, a member of a public governmental body shall not attend more than three (3) meetings via videoconference in a rolling twelve-month period. Attendance via videoconference should only occur sparingly and for good cause. Such good cause shall include reasons such as serious illness or injury of the member or a member of his or her immediate family, including father or mother, spouse, sibling, child, or grandchild.

D. *Physical Location.* The City shall provide at the posted physical meeting location communication equipment consisting of an audio and visual display, and a camera and microphone so that the member(s) participating via videoconferencing, the members of the public governmental body in physical attendance, and the public in physical attendance may actively participate in the meeting in accordance with rules of meeting decorum. The communication equipment at the physical location of the meeting should allow for all meeting attendees to see, hear, and fully communicate with the videoconferencing participant.

E. *Voting.* Members of a public governmental body attending a public meeting of that body via videoconference are deemed present for purposes of participating in a roll call vote to the same effect as elected members of a public governmental body in physical attendance at a public meeting of that governmental body are deemed present. If any component of the videoconference communication fails during the meeting, the member attending the meeting by videoconference whose connection failed shall be deemed absent immediately upon such failure. If the public governmental body was in the act of voting, the voting shall stop until all of the

components of videoconference attendance are again restored and the videoconference participant's presence is again noted in the minutes, or the member is determined to be absent.

F. *Closed Meetings.* In a meeting where a member of a public governmental body is participating via videoconferencing and the meeting goes into a closed session, all provisions of Missouri law and City ordinances relating to closed sessions apply. Upon the public governmental body's vote to close the meeting, all members of the general public shall not be present. Likewise, a member of a public governmental body participating via videoconferencing must ensure there are no members of the public present at his or her location to see, hear, or otherwise communicate during the closed session. The member must also take all reasonable precautions to guard against interception of communication by others.

G. *Minutes.* In any open or in closed session, the minutes taken should reflect the member, if any, participating via videoconference, the members in physical attendance, and members, if any, absent.

H. *Emergency Meetings and Quorum.* In addition to the provisions of Section 2-34, in the event that emergency circumstances prevent the members of a public governmental body to physically attend, the body may meet and vote by videoconference without the requirement that a quorum be physically present in the same place. Examples of such emergency circumstances include, but are not limited to, war, riot, terrorism, widespread fire, or natural disaster such as earthquake, tornado, hurricane, flood or blizzard. To the extent reasonably possible in such circumstances, the public governmental body shall use reasonable efforts to cause a physical location to be provided for public attendance and participation. The nature of the emergency shall be recorded in the minutes. If no emergency exists, a quorum of the public governmental body shall be physically present at the physical location for which notice of a meeting is provided.

Section 2. This Ordinance shall be in full force and effect from and after its passage by the Board and approval by the Mayor. Any ordinances inconsistent with this Ordinance are hereby repealed.

Re: Medical Insurance Renewal

---

The City's medical insurance plan renews on October 1<sup>st</sup>. Currently we offer two plans to employees through Coventry Health Care – an HSA plan and a PPO plan. Coventry was recently bought out by Aetna. As a result, the plans we currently offer are going away, and would be replaced by similar plans through Aetna's coverage.

The City's benefits broker, JW Terrill, bid out our medical insurance plans. The responses to the bid are enclosed in your packet. Our claims history has decreased over the past several years, resulting in the majority of bids for our coverage coming in under what we are currently paying.

As you can see in the attached bids, none of the proposed new plans align exactly with the plans that we currently have. In each case, there are slightly different deductibles, out of pocket maximums, coinsurance, copays, prescription costs, etc. As each carrier has predefined plans that they file with the State of Missouri, it is not possible to tweak any of the proposed plans in order to exactly mirror what we have currently.

After an analysis of the proposed plans, I am recommending that we switch our coverage to United Healthcare, to their ABBJ HSA plan and E96 PPO plan. This would result in a 33% savings on our premiums while retaining comparable coverage for employees.

### Cost of Coverage

Our current cost breakdown per employee per month for medical insurance is as follows

	HSA Plan	PPO Plan
Employee	\$571.43	\$609.78
Employee + Spouse	\$1,142.85	\$1,219.62
Employee + Child(ren)	\$1,000.06	\$1,067.22
Family	\$1,571.42	\$1,676.98

Under the recommended plans with United Healthcare, our new cost breakdown would be as follows:

	HSA Plan	PPO Plan
Employee	\$333.69	\$432.21
Employee + Spouse	\$667.41	\$864.46
Employee + Child(ren)	\$584.01	\$756.44
Family	\$917.69	\$1,188.64

We currently have 24 employees enrolled in the HSA plan and 41 employees enrolled in the PPO plan. Based upon our current enrollments, our current premium with Coventry is approximately \$725,490 annually. However, we also recoup approximately \$145,000 in premiums from the employees. Therefore the net cost to the City is currently approximately \$580,000.

With the switch to United Healthcare our annual premium will drop to \$485,550.24 annually. Factoring in a reduction to the employee portions of the premiums by 33%, we would recoup approximately \$95,000 in premiums from the employees. Our net cost of premiums under the new plan would be approximately \$389,000 which would be a significant decrease from the current plan. A breakdown of current and proposed employee premiums is included in your packet.

### **Plan Changes**

The changes to the plans would generally be minor in nature. For the PPO plan there would be slightly lower copays for office visits, and slightly higher copays for emergency room and/or urgent care visits. There is a slight increase in some prescription costs, primarily via mail order. The coinsurance – the amount the plan pays after you’ve hit your deductible – would increase from 90% to 100% which is a positive.

The changes to the HSA plan are still minor but more significant than those to the PPO plan. For the HSA plan, the deductible would decrease slightly from \$2,750 for an individual and \$5,500 for a family, to \$2,600 and \$5,200 respectively. However, the out of pocket maximum would increase from \$3,500 to \$6,250 for an individual and from \$7,000 to \$12,500 for a family. This number is a significant increase but it is very rare for someone to come close to their out of pocket maximum under this type of plan.

The biggest change to the HSA plan would be the introduction of co-pays, even after hitting the deductible. The list of copays is in the plan description in your packet. Like the PPO plan there is a slight increase in some prescription costs, primarily via mail order.

### **Other Costs**

The City currently pays a portion of the deductible for the employees for the PPO plan, \$750 per individual and \$1,500 per family. Due to the fact that the PPO plan is remaining largely unchanged while the employee portion of the premium will be decreasing, I am not recommending any changes to this contribution.

The deductible reimbursement is currently handled by Coventry as a part of administration of the health insurance plan. Unfortunately United Healthcare does not offer an equivalent service. Therefore, we will change management of the deductible reimbursement to JW Terrill at a cost of approximately \$2,858 annually.

For the HSA plan, the City currently deposits \$1,000 into an HSA account annually for an individual, and \$2,000 for a family. I am recommending that we raise the amount contributed to the HSA account to \$1,500 for an individual and \$3,000 for a family. Based on current usage, this would cost the City approximately \$17,500 per year. This would more than be made up for by our overall savings in premium, while also helping to offset some of the minor negative changes to the HSA plan. Adding this extra incentive may also help encourage some employees to try the HSA plan.

Overall the City is in the fortunate position of having several years of good claims experience that have resulted in lower premiums for the upcoming plan year. While I do anticipate premiums will start to rise again next year, by adopting these recommendations the City stands to save approximately \$170,000 on medical insurance in the upcoming year, while maintaining two reasonable and affordable plan options for our employees.
