**Old Business**

**A. Update on electrical/traffic boxes along Lindbergh/Gravois/Watson.**

Mr. Brown stated that he has been communicating with MoDOT, they have requested the following information, which we are currently gathering. The executive staff is open to the idea but would like some more information regarding the city's plan before proceeding with permits/agreements:

- Submit a sketch of the proposed ‘art’ work.
- Explain the art committee/vetting process you went through to select it.
- Explain what, if any, public/community outreach was involved to date and what is planned prior to installation/what feedback from the community have they received – supportive or not?
- Outline where you’re proposing to place it. What type of materials are you proposing?
- Outline your maintenance plan.

The theme that was selected is “Nature” (sunset’s, hills, lakes, trees, flowers, etc.)

Ms. Rosen Huitt reported and displayed renderings received, the commission elected to go in a different direction. Ms. Turkovic stated that she would reach out to professor at Meramec and Webster and see if students would be interested in the work. Ms. Turkovic asked if Mr. Brown would send all of the information pertaining to the electric boxes, sizes, etc.
